EXPERIENCE

SPK 411 | ANDROID APP FOR THE LARGEST HIGH SCHOOL IN OTTAWA

January 2015 – May 2015

- Winner at the 2015 TechU.me AppJam. An app for the largest high school in Ottawa to access school news, sports and more.
- The app was deployed to the Google Play Store and built using PhoneGap/Cordova and written using web technologies to allow for a write-once deploy-everywhere strategy. Technologies involved include: HTML, JavaScript, CSS, Sass, AngularJS.

BLACKBOARD CLEANUP | EDUCATIONAL APP BUILT WITH KIDS

September 2013 – January 2014

- An app for the Blackberry Playbook tablet built for Grade 4/5 student clients. Elementary students from a local school met with us on a weekly basis to provide specifications on the educational game in the form of hand drawn mock-ups and written specifications, as well as receive updates on progress and provide feedback.
- The project culminated with a presentation/demo of the app in front of the students and their parents.
- Technologies involved include: ActionScript3, Adobe Flash Professional CS5, and Adobe Illustrator CS5.
