1. (10 points) Copy your code comments here.

A.
B.
C.
D.
E.
F.

2. (10 points) Examine the parallel data and answer questions. (Plots may appear in the appendix.)

1.
2.
3.
4.
5.
6.

3. (10 points) Answers to questions about decoding

1.
2.
3.

4. (10 points) Experiment with more layers. (Diagram may go in the appendix.)

Your answer here.

5. (10 points) Implement dropout, and explain the results.

Your answer here.

6. (20 points) Implement attention. This question will be evaluated on the basis of your code.

7. (10 points) Explain the results of implementing attention.

Your answer here

8. (5 points) Explain what you observe with attention. (Figures may appear in an appendix.)

Your answer here

9. (15 points) Where does attention help?

☐

Optional: you may include an appendix after the line above. Everything above the line must appear in the first three pages of your submission.
